THE COLLECTION

DIDADI *Bathroom Vanities*

DIDADI is the bathroom brand of the KEYVELLE hospitality FF&E family. This volume presents bathroom vanities selected and styled for five-star guest bathrooms, from compact floating units to panelled double vanities with storage towers.

It is the sister volume to the DIDADI Shower & Bath Hardware catalogue and follows the same four style series, so a vanity, its taps, shower and accessories can be specified as one bathroom standard. Every vanity is built to project dimensions in a set palette of finishes.

THE KEYVELLE FAMILY

SUTA	Bedding
DIDADI	Vanities · Toilets · Shower enclosures · Shower & bath hardware
SIHI BY KEYVELLE	Seating, sofas & tables
KEYVELLE	Cabinetry · Carpet · Lighting · Smart control · Drapery

01
FOCUSED
12 vanities across four style series

02
MADE TO MEASURE
10 finishes; widths and layouts per project

03
COORDINATED
Paired with DIDADI hardware codes

THE COLLECTION

Four styles. 12 vanities. *One standard.*

I

Matte White

MW

PU paint or melamine

DD-VM01 · DD-VM02 · DD-VM03 · DD-VA01 · DD-VA02 · DD-VA03

BOARDS

Plywood · Moisture-resistant MDF · Moisture-resistant MFC (melamine-faced chipboard)

FINISHING PROCESSES

Melamine · High-pressure laminate (HPL) · Acrylic · Wood veneer · PU paint · PVC edge banding

FOR HOTEL BATHROOMS

Moisture-resistant boards and sealed edges are recommended for all wet-area carcasses; the board and finish are agreed per project.

Board and finishing options are as listed. Swatches are indicative screen colours; colour, grain, sheen and finish are confirmed by physical sample for each project.

ROOM-TYPE MATRIX

Specify every bathroom, *room by room*

ROOM TYPE / STYLE	I Warm Minimal	II Heritage Classic	III Urban Contemporary	IV Architectural Concealed
Standard Room Compact single-basin, wall-hung	DD-VM03 (single-basin width)	DD-VH03 (single-basin width)	DD-VU03	DD-VA03
Deluxe Single Single or twin module, upgraded finish	DD-VM01 (single module)	DD-VH03	DD-VU01	DD-VA03
VIP Room Double vanity, feature finish	DD-VM02 · VM03	DD-VH02	DD-VU02	DD-VA01
Suite Double vanity, storage tower or sculptural basins	DD-VM01 (twin) · VM02	DD-VH01 · VH02	DD-VU02 · VU01	DD-VA02 · VA01

Recommendations are indicative. All vanities are built to project widths, so single- or double-basin versions are configured per bathroom layout. Final selection is confirmed against each project's drawings and brand standards.

THE COMPLETE DIDADI BATHROOM

Paired with DIDADI *shower & bath hardware*

	DD-VA02 Pillar Stone Double Vanity	DD-BA02-GG	DD-BA01-GM	DD-BU03-GM
	DD-VA03 Crescent Curved Vanity	DD-BM02-EW	DD-BA01-EW	DD-BM03-MW

Codes are taken from the DIDADI Shower & Bath Hardware catalogue 2026 (DD-B[series][product]-[finish]). Wall-fed vanities pair with the concealed mixers DD-BA02 or DD-BH03; deck-mounted vanities with DD-BM02, DD-BH02 or DD-BU02. Metal and cabinet finishes are matched by physical sample before approval.

SERIES I

Warm Minimal

Natural timber, floating calm

Oak and walnut fronts, slim floating carcasses and vessel basins. Warm Minimal brings the calm of a residence to guest bathrooms and pairs with the Warm Minimal hardware series and KEYVELLE light-oak cabinetry.

DD-VM01	Arden Twin Floating Vanity	Natural Oak as shown
DD-VM02	Sorrel Double Vanity	Natural Oak as shown
DD-VM03	Linden Walnut Floating Vanity	Walnut as shown

PALETTE · NATURAL OAK · WALNUT · MATTE WHITE

DD-VM01

Arden Twin Floating Vanity

Two separate floating drawer units in light oak, each with a white rectangular vessel basin, wall-mounted spout and round mirror. Splitting the vanity into twin modules gives couples their own station and leaves the floor open for a cleaner, larger-feeling room.

CONFIGURATION	Twin wall-hung units, two drawers each, as shown
BASIN	White rectangular vessel basin on each unit, as shown
TOP	Basin sits directly on the unit; top material specified per project
CARCASS & DOORS	Plywood, MR MDF or MR MFC; finish per palette
MIRROR & LIGHTING	Two round mirrors, as shown; mirror and lighting scope specified per project
TAP POSITION	Wall-mounted spout (concealed body), as shown
DIMENSIONS	Customised per project

DD-VM02

Sorrel Double Vanity

A long oak drawer vanity on slim brass-tone legs, with twin round vessel basins, deck-mounted brushed-brass taps and oval mirrors. The rounded basins and warm timber soften a stone or terrazzo bathroom without adding ornament.

CONFIGURATION	Double vanity on slim metal legs, two drawer tiers, as shown
BASIN	Twin round vessel basins, as shown
TOP	Light stone-look top, as shown; material specified per project
CARCASS & DOORS	Plywood, MR MDF or MR MFC; finish per palette
MIRROR & LIGHTING	Two oval mirrors, as shown; scope specified per project

Oval mirrors

DD-VM03

Linden Walnut Floating Vanity

A long, low floating vanity in walnut with handle-free drawers, integrated twin basins and wall-mounted spouts under a black-framed mirror. Hidden handles and deep drawers keep a busy guest bathroom visually quiet.

CONFIGURATION	Long wall-hung vanity, handle-free drawers (hidden handles per source style text)
BASIN	Twin basins with wall-mounted spouts, as shown
TOP	Basin type and top material specified per project
CARCASS & DOORS	Plywood, MR MDF or MR MFC; finish per palette
MIRROR & LIGHTING	Wide black-framed mirror, as shown; scope specified per project
TAP POSITION	Wall-mounted spouts (concealed body), as shown
DIMENSIONS	Customised per project

SERIES II

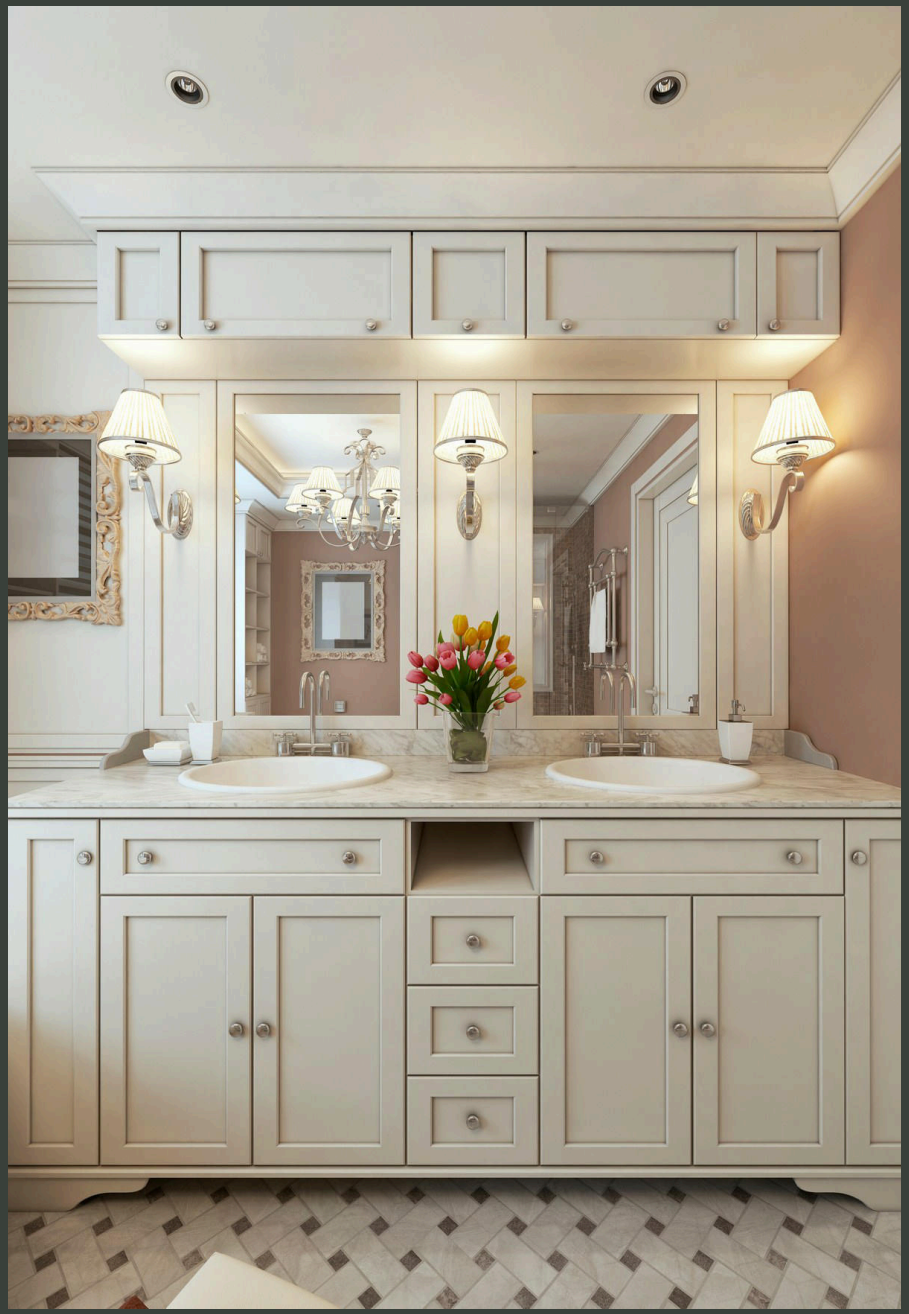

Heritage Classic

Panelled, painted, quietly grand

Framed and panelled doors, painted or honey-oak finishes, twin basins and tall storage towers. Heritage Classic suits heritage hotels, club floors and residence-style suites, and pairs with the Heritage Classic hardware series and KEYVELLE Manor, Wren and Chalk cabinetry.

DD-VH01	Belgravia Panelled Double Vanity	Ivory Painted as shown

PALETTE · IVORY PAINTED · DOVE GREY PAINTED · HONEY OAK

DD-VH01

Belgravia Panelled Double Vanity

An ivory painted double vanity with framed panel doors, a central bank of drawers, twin inset basins and a matching mirrored over-cabinet. Built for suites and heritage rooms where the bathroom is expected to feel like a dressing room.

CONFIGURATION	Floor-standing double vanity with central drawers and side cupboards, plus over-mirror cabinetry, as shown
BASIN	Twin inset basins, as shown; type specified per project
TOP	Light stone-look top, as shown; material specified per project
CARCASS & DOORS	Plywood, MR MDF or MR MFC; finish per palette
MIRROR & LIGHTING	Mirror wall with upper cabinetry, as shown; lighting specified per project

DD-VH02

Ashbury Tower Vanity

A honey-oak double vanity with shaker doors, centre drawers and a full-height storage tower between two mirrors. The tower holds linen and amenities, freeing the counter in larger bathrooms.

CONFIGURATION	Floor-standing double vanity with central full-height tower, as shown
BASIN	Twin basins, as shown; type specified per project
TOP	White stone-look top, as shown; material specified per project
CARCASS & DOORS	Plywood, MR MDF or MR MFC; finish per palette

DD-VH03

Kensington Tower Vanity

Classic shaker joinery in dove-grey paint with polished hardware and a counter-top tower between twin basins. The source describes this look as classic moulding with modern finishes such as high-gloss lacquer or matte metal.

CONFIGURATION	Floor-standing double vanity with counter-top tower, as shown
BASIN	Twin basins, as shown; type specified per project
TOP	White stone-look top, as shown; material specified per project
CARCASS & DOORS	Plywood, MR MDF or MR MFC; finish per palette

SERIES III

Urban Contemporary

Fluted, graphite, concrete-toned

Fluted fronts, graphite and slate tones, concrete-look drawers and vessel basins. Urban Contemporary is designed for city business hotels and design-led rooms, and pairs with the Urban Contemporary hardware series and KEYVELLE Umber and Carbon cabinetry.

DD-VU01	Fluted Graphite Curve Vanity	Graphite as shown
DD-VU02	Fluted Slate Double Vanity	Slate Grey as shown
DD-VU03	Graphite Floating Vanity	Graphite as shown

PALETTE · GRAPHITE · SLATE GREY · STONE GREY

DD-VU01

Fluted Graphite Curve Vanity

A floating vanity with rounded, fluted graphite ends framing concrete-look drawers, topped by a vessel basin under a round backlit mirror. The source places it in its Industrial Modern look: raw textures, dark tones and bold contrast.

CONFIGURATION	Wall-hung vanity, rounded fluted ends, centre drawers, as shown
BASIN	Vessel basin, as shown
TOP	Dark top, as shown; material specified per project
CARCASS & DOORS	Plywood, MR MDF or MR MFC; finish per palette
MIRROR & LIGHTING	Round mirror with perimeter light, as shown; lighting specification specified per project

Customisation

Every vanity is built to the project's drawings. Anything not documented in this catalogue is fixed in the project specification sheet and confirmed by sample and mock-up before production.

01

SIZE & LAYOUT

Width, depth, height, single or double basin, wall-hung or floor-standing, and drawer/door layout to suit each bathroom.

02

BOARD & FINISH

Plywood, moisture-resistant MDF or MFC; melamine, HPL, acrylic, veneer or PU paint, with PVC edge banding.

03

TOPS & BASINS

Top material, thickness and edge, and basin type (vessel, undermount, integrated, pedestal) confirmed per project.

04

MIRRORS & LIGHTING

Mirror shape, mirror cabinets and integrated lighting selected per room type; electrical specification confirmed per destination market.

05

HARDWARE & STORAGE

Drawer runners, hinges, handles or handle-free opening, towers and internal organisers confirmed per project.

06

COORDINATION

Tap and spout positions coordinated with DIDADI hardware; cabinet finish matched to KEYVELLE cabinetry where specified.

No dimensions or technical values are stated in this catalogue because none are documented in the source information. Fixtures shown in photographs (taps, lights, accessories) are styling unless specified.

Quality & Compliance

The standards below are those typically requested by international hotel groups for bathroom vanities, basins and illuminated mirrors. Testing to the applicable standards is arranged per project, product and destination market.

STANDARD	SCOPE
Formaldehyde emission: E1 / E0 (EN 13986, EN 717-1)	Wood-based panels (Europe, international)
CARB Phase 2 / EPA TSCA Title VI	Composite wood formaldehyde limits (USA)
EN 14749	Domestic and kitchen storage units and worktops: safety and durability
ANSI/KCMA A161.1	Performance and construction of kitchen and vanity cabinets (USA)
Moisture resistance	Moisture-resistant boards (MR MDF / MR MFC), edge sealing and humidity cycling for wet areas
EN 14688 / ASME A112.19.2	Basins: washbasin performance (Europe) / ceramic plumbing fixtures (North America)
IEC 60598 / IP44 (bathroom zones)	Lighting and LED mirrors in wet areas; local electrical approval
FSC Chain of Custody	Responsibly sourced timber and boards, where specified

Compliance depends on the specified board, finish, top, basin and lighting and is confirmed in writing for each project.

WORKING TOGETHER

Project Process

01
BRIEF
Room types, keys, bathroom drawings, brand standards.

02
SELECTION
Series, vanity and finish selection; DIDADI hardware coordination.

03
SHOP DRAWINGS
Dimensions, layouts, tops, basins, mirrors and lighting fixed in drawings.

04
