HOTEL CABINETRY COLLECTION

Joinery, composed *for every key*

CATALOGUE · 2026 EDITION

HOSPITALITY FF&E · WARDROBES · MINIBARS · MEDIA WALLS · VANITIES · KITCHENETTES · KEYVELLE.COM

THE BRAND

KEYVELLE *Cabinetry*

KEYVELLE is a hospitality FF&E brand developed for the guestrooms, suites and public spaces of five-star hotel groups worldwide. Cabinetry is where a room's architecture is built.

KEYVELLE cabinetry applies its door, finish and construction systems to hotel joinery packages: wardrobes, minibar and coffee units, media walls and panelling, desks and consoles, vanities and suite kitchenettes. Collections are organised by style and composed into coordinated sets, so one finish story runs consistently from the entry wardrobe to the bathroom vanity.

THE KEYVELLE FAMILY

SUTA	Bedding
DIDADI	Bathroom & shower
SIHI BY KEYVELLE	Seating, sofas & tables
KEYVELLE	Cabinetry · Carpet · Lighting · Smart control · Drapery

01

STYLE-LED

Three style series, eight coordinated sets

02

SYSTEM-BUILT

Four construction systems, specified per brief

03

ROOM-COMPLETE

Six hotel joinery pieces in every set

THE COLLECTION

Three styles. Eight sets. *Every room.*

I

Warm Minimal

Light oak, quiet planes, calm proportion

HALO	KV-CM1XX
SOLACE	KV-CM2XX
ARC	KV-CM3XX

II

Heritage Classic

Framed craft, painted and walnut tones

MANOR	KV-CH1XX
WREN	KV-CH2XX
CHALK	KV-CH3XX

III

Urban Contemporary

Deep timber, graphic contrast

UMBER	KV-CU1XX
CARBON	KV-CU2XX

Every set covers six hotel applications, custom-engineered per project: 01 Wardrobe · 02 Minibar & Coffee Unit · 03 TV / Media Wall & Panelling · 04 Desk & Console · 05 Vanity & Mirror Cabinet · 06 Suite Kitchenette & Pantry. Codes follow KV-C[series][set][piece], e.g. KV-CM101 = Warm Minimal · Set 1 · Wardrobe.

Piece key: 01 Wardrobe · 02 Minibar & Coffee Unit · 03 TV / Media Wall & Panelling · 04 Desk & Console · 05 Vanity & Mirror Cabinet · 06 Suite Kitchenette & Pantry

All pieces are made to order. Recommendations are indicative. Every set can be specified for any room type; final pieces, sizes and quantities are confirmed against each project's floor plans and brand standards.

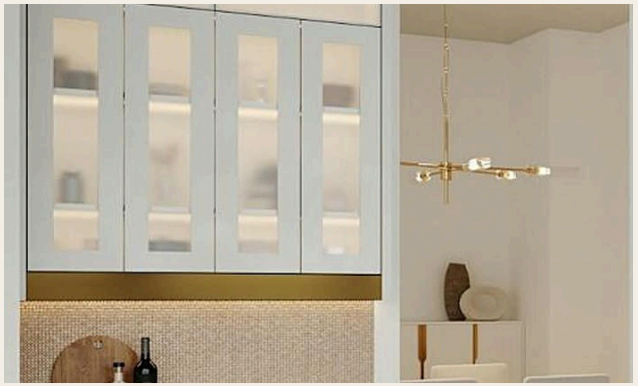

Six pieces, *one finish story*

01 Wardrobe

Wardrobe module system with integrated LED lighting, hanging, shelving and drawers; optional glass-front doors.

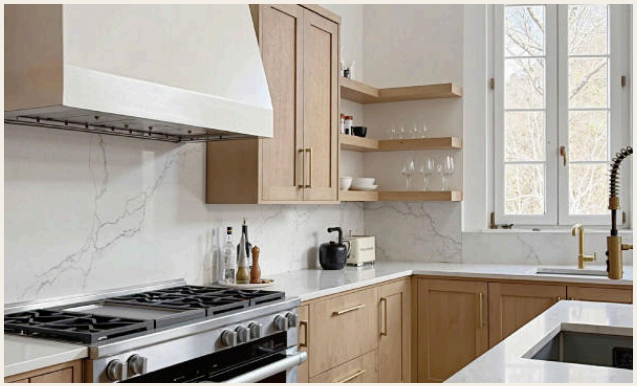

Modular system: tall modules H 84″ / 90″ / 96″ × D 24″

02 Minibar & Coffee Unit

Base and wall units arranged around a beverage fridge, glass display and coffee station.

Modular system: base H 34.5″ × D 24″; wall D 12″

03 TV / Media Wall & Panelling

Full-height timber walls integrating TV, storage and concealed doors, with matching panels and fillers.

Modular system: wall D 12″; tall H 90″ / 96″ × D 12″

04 Desk & Console

Writing desks, luggage benches and consoles built from drawer and open modules in the room's finish.

Customised per project; 2-, 3- or 4-drawer modules

05 Vanity & Mirror Cabinet

Floor-standing or wall-hung vanities with companion mirror cabinets with glass shelves.

Modular system: H 32.5″ × D 21″; wall-hung H 24″ × D 21″; mirror cabinet D 5″

06 Suite Kitchenette & Pantry

Compact suite kitchens, butler pantries and tall pantry storage.

Modular system: base H 34.5″ × D 24″; pantry H 84″–96″ × D 24″ / 12″

The 48 pieces in this catalogue are hotel applications of these systems, engineered per project; images show the systems and finishes. Reference dimensions are those of the modular panel system's standard modules. Framed inset, frameless and wardrobe systems are built to order: dimensions customised per project.

The material library

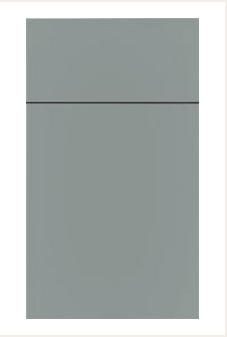

Slab · rift-cut white oak

Slab · white paint

SUPER-MATTE PET
Vanilla white, sand, grey and black tones (wardrobe interiors & doors)

CONSTRUCTION

Four systems, *built for hotel life*

Frameless Full-Access System

CONSTRUCTION
Frameless, full-access casework with overlay doors (no face frame)

SIDES, FLOOR & TOP
3/4″ (19 mm) plywood, maple melamine interior

SHELVES
3/4″ (19 mm) plywood with solid maple edge; pocketed adjustable clips

DOORS & DRAWER FRONTS
7/8″ (22 mm) solid-wood frame with HDF centre panel; slab veneer doors grain-matched

DRAWER BOXES
3/4″ solid birch, dovetailed, 3/8″ plywood bottom

HARDWARE
Blum soft-close hinges; Blum full-extension soft-close undermount slides

BACK
1/4″ (6 mm) plywood, maple melamine finish

BASE
Moisture-isolating levelling legs

Framed Inset System

CONSTRUCTION
Framed inset: doors sit flush within a solid-wood face frame

FACE FRAME
Solid wood, 7/8″ (22 mm) thick × 1-1/2″ (38 mm) wide

SIDES, FLOOR & TOP
5/8″ (16 mm) plywood, maple melamine finish

SHELVES
3/4″ (19 mm) plywood with solid maple edge

DOORS & DRAWER FRONTS
7/8″ (22 mm) solid-wood frame with HDF centre panel

DRAWER BOXES
3/4″ solid birch, dovetailed, 3/8″ plywood bottom

HARDWARE
Blum soft-close hinges; Blum full-extension soft-close undermount slides

BACK & TOE KICK
1/4″ plywood back, maple melamine; matching 3/4″ plywood toe kick

Modular Panel System

CARCASS
15–18 mm MFC / MDF / plywood, CARB P2

DOORS & DRAWER FRONTS
15–18 mm MFC / MDF / plywood, CARB P2

FINISHES
Melamine · HPL · thermofoil · acrylic · painted · veneer · stain

DOOR STYLES
Slab, shaker; handle, finger-pull, chamfer-pull or J-pull options

SLIDES
Ball-bearing, undermount or metal-box drawer

HINGES
Full-extension, soft-closing

JOINERY
Dowel & glue · dowel & camlock · dowel & screw

Wardrobe Module System

CONSTRUCTION
Frameless, configurable wardrobe modules

SIDES, SHELVES, FLOOR & TOP
1″ (25 mm) furniture board, melamine interior finishes

DOORS
3/4″ (19 mm); optional glass-front doors

FITTINGS
Aluminium interior fittings, hanging rails, shelves and drawers

LIGHTING
Fully integrated LED strip

BACK & TOE KICK
3/8″ (10 mm) MDF back; 3/4″ furniture-board toe kick

INTERIOR FINISHES
Textured melamine · super-matte PET

Specifications as documented for each system. Hardware brands named (e.g. Blum) are as documented for the system; exact materials, thicknesses and hardware are confirmed in each project specification and quotation.

SERIES I

Warm Minimal

Light oak, quiet planes, calm proportion

Rift-cut oak, warm whites and soft taupe in flush, uncluttered planes. Warm Minimal suits urban luxury, lifestyle and resort hotels where joinery should recede into the architecture and let light and material speak.

KV-CM1	Halo	Rift-cut white oak and warm white
KV-CM2	Solace	Sandstone oak, slim shaker
KV-CM3	Arc	Matte taupe, handle-free lines

Set 01

Halo

Rift-cut white oak and warm white

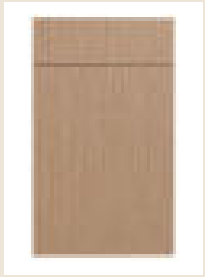

Grain-matched rift-cut white oak slab doors paired with warm white surfaces. A bright, airy package for guestrooms and suites, with wardrobes, minibar and media walls reading as one continuous timber plane.

SYSTEM

Frameless Full-Access System

FINISHES

Wire-brushed rift-cut white oak veneer (grain-matched slab) · white paint

Slab · rift-cut white oak

Slab · white paint

BESPOKE FOR EVERY PROJECT

Customisation

Every KEYVELLE set is a system, not a fixed product. We engineer it around your room plans, brand standards and operations.

01

SIZES & LAYOUTS

Wardrobe widths, minibar layouts, media-wall heights and vanity sizes engineered to each room type and the architect's drawings.

02

DOORS & FINISHES

Any door style from the library in painted, stained, veneer, melamine, HPL, acrylic or thermofoil finishes; bespoke colour matching available.

03

HOSPITALITY INTEGRATION

Layouts planned around the room's minibar fridge, safe, luggage and services; integrated LED lighting as documented for wardrobe modules. Integration scope confirmed per project.

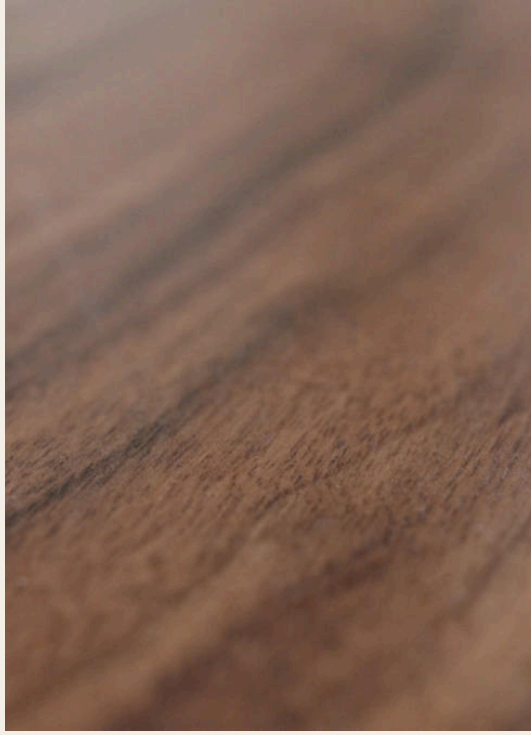

04

HARDWARE & DETAILS

Handle, finger-pull, chamfer-pull or J-pull profiles, soft-close motion and optional glass-front wardrobe doors; other details to project specification.

Customisation scope, samples, mock-ups and lead times are confirmed in the quotation for each project.

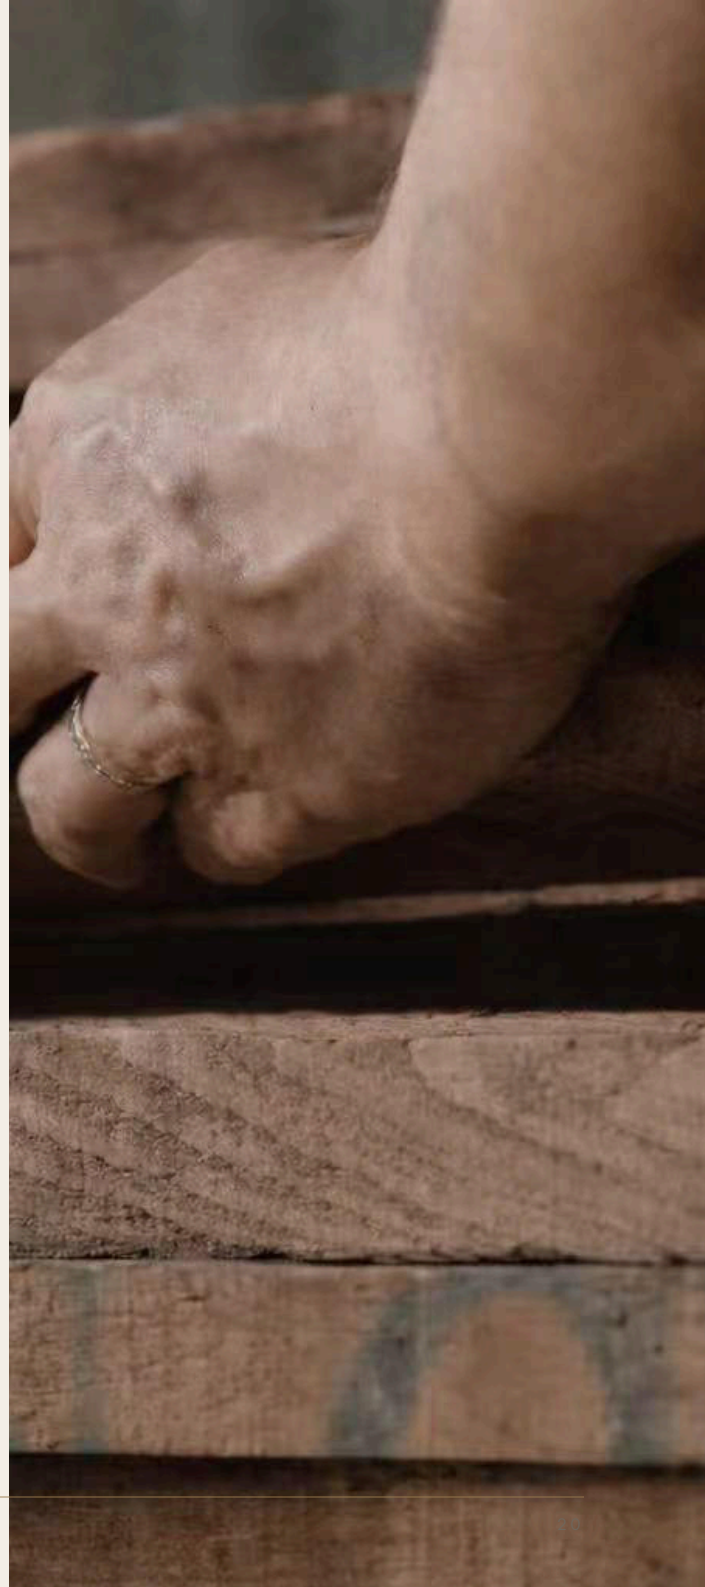

HOTEL-GRADE BY DESIGN

Quality & Compliance

KEYVELLE cabinetry is specified for contract use. The standards below are those typically requested by international hotel groups for casegoods and joinery. Testing to the applicable standards is arranged per project and specified material.

STANDARD	SCOPE
E0 / E1 formaldehyde class (EN 717-1)	Formaldehyde emission class of wood-based panels
CARB ATCM Phase 2 (CARB P2)	Formaldehyde emissions of composite wood (California)
EPA TSCA Title VI	Formaldehyde emission standards for composite wood products (USA)
ANSI/KCMA A161.1	Performance & construction standard for cabinets
EN 14749	Domestic & kitchen storage units and worktops: safety & durability
EN 13501-1 / ASTM E84	Reaction-to-fire classification of panels and surfaces
EN 16122	Strength & durability of non-domestic storage furniture
Moisture resistance (vanity & pantry)	Moisture-resistant boards and edge sealing for wet zones

Compliance depends on the specified board, finish and hardware and is confirmed in writing for each project.

WORKING TOGETHER

Project Process

01
BRIEF
Room types, keys, drawings, brand standards and design intent.

02
SELECTION
Style series, set and finish selection; room-type matching.

03
SHOP DRAWINGS
Detailed joinery drawings, sizes and services coordination.

04
QUOTATION
Formal request for quotation answered with scope and lead time.

05
SAMPLES & MOCK-UP
Door and finish samples; model-room mock-up for approval.

06
PRODUCTION & QC
Manufacturing and quality inspection to the agreed specification.

07
LOGISTICS
Packing and delivery arrangements agreed per project.

08
INSTALLATION
Installation and after-sales scope agreed per project.
