

SUTA

FOCUS ON HEALTH SLEEP

BY KEYVELLE

HOSPITALITY FF&E · GUESTROOM BEDDING

Hotel Bedding *Catalogue 2026*

Bed bases, headboards, hotel mattresses and SUTA smart motion beds, configured by room type for five-star and luxury hospitality projects.

Divan & platform bases · Upholstered headboards · Pocket-spring, Euro-top, latex & foam mattresses · Toppers & protectors · Rollaway & baby cot · Adjustable beds · Smart mattresses · Accessible-room beds

CONTENTS

Every key, *a better night*

This catalogue brings SUTA's bedding range into one FF&E specification document for KEYVELLE hotel projects: the traditional five-star bed system every room needs, plus SUTA's own motion and smart products for suites, wellness and accessible rooms.

How to read this catalogue. Each item has a code, description, standard sizes, materials, construction, options, compliance targets and packaging.

Compliance standards are listed as **testing targets available per project**, not certifications held.

01 · ABOUT SUTA

Built for motion, *made for hotels*

SUTA grew out of FORHOUSE, which began making motion beds in 2011; the SUTA brand was founded in 2015. Within the KEYVELLE family, SUTA is the bedding brand: bed bases, headboards, mattresses and electric adjustable beds for hotels, serviced apartments and senior living.

Our core is engineering: steel structures, linear actuators and load paths. That is why every SUTA bed is rated to one clear number, and why our hotel bases are designed to take a motion upgrade later.

350 kg
Max. load per bed, mattress included
MB-E3 care bed: 170 kg SWL

Certified motors & control boxes

HOTEL PROJECT CAPABILITY

MANUFACTURING	Own factories in Xiamen and Dongguan, China: steel frames, motion & control, upholstery, mattresses and assembly
QUALITY	ISO 9001 quality management; National High-Tech Enterprise (China)
CUSTOMISATION	Size, fabric, colour, functions, labels and hotel logo (H-series sensor light)
MOCK-UP	Prototype and mock-up room support; try-before-specify at the SUTA Showroom, Ho Chi Minh City
LOCAL SERVICE	KEYVELLE , Ho Chi Minh City: sales, warehousing, delivery and after-sales for Vietnam

SUTA SHOWROOM · HO CHI MINH CITY

02 · COLLECTION OVERVIEW

Eleven families, *one bed system*

FAMILY	CODES	TYPICAL ROOMS
Bed bases & frames	SB-DV100 · SB-DV200 · SB-PF300 · SB-FB700	All room types
Headboards	SB-HB410 · SB-HB420 · SB-HB430	All room types
Valances & legs	SB-VL510 · SB-VL520 · SB-LG600 series	All room types
Hotel mattresses	SM-PS30 · SM-ET34 · SM-PT36 · SM-HL28 · SM-MF25	All room types
Toppers & protectors	ST-TP510/520/530 · ST-MP600	All room types
Extra beds	SR-RB700 rollaway · SR-BC800 baby cot	Family rooms, suites
Adjustable beds	J300 · A210 · A410 · A810 · A910	Suites, executive floors
Combination beds	H820 · H830 · H840 · H880	Suites, serviced apartments
Lift storage beds	ES201 · ES202 · ES203	Serviced apartments, long stay
Smart mattresses	M410 · M510	Wellness rooms, suites
Accessible & hotel edition	MB-E3 · Suite Smart Bed (in development)	Accessible rooms, suites

SB / SM / ST / SR: hotel bed-system configurations. J / A / H / ES / M / MB: SUTA model series.

The five-star bed system: divan base + hotel mattress + topper + protector + upholstered headboard + valance. SUTA supplies every layer, sized 1:1 and tested as a set.

03 · ROOM-TYPE CONFIGURATION PACKAGES

Specified *room by room*

Five starting packages for a KEYVELLE project. Each can be re-specified by brand standard, design concept and budget; sizes cover King 1800/2000, Queen 1500/1600, Twin 1200/1350 and Single 900/1000 × 2000 mm.

ROOM TYPE	BED / BASE	MATTRESS	SLEEP LAYERS	HEADBOARD	OPTIONS
Standard King	SB-DV100 King 1800/2000 + SB-VL510	SM-PS30 or SM-ET34	ST-TP510 + ST-MP600	SB-HB410 wall-mounted	SB-FB700 bench; SR-BC800 on request
Twin	2 × SB-DV100 1200/1350, or SB-DV200 split king (twin ↔ king)	2 × SM-PS30	ST-TP510 + ST-MP600	Shared SB-HB410 panel	SR-RB700 on request
Executive Suite	A910 or H880 with high-end latex mattress; or M510 on SB-PF300	SM-HL28 latex (with A / H); M510 is self-adjusting	ST-MP600	SB-HB420 wingback or SB-HB430 integrated	Suite Smart Bed (in development)
Accessible	MB-E3 height-adjustable bed with hotel-style panels; 170 kg safe working load	Flexible foam/latex mattress sized to deck	ST-MP600 waterproof	Floor-standing or bed-mounted	Clear floor space both sides
Wellness	M510 on SB-PF300; or A410 / A810 + SM-HL28	Latex or M510 smart mattress	ST-TP530 latex topper	SB-HB430 with warm LED	Pillow menu; dimmable light

Pairing rule. M-series smart mattresses carry their own motion and are used on a standard flat hotel frame (e.g. SB-PF300 or SB-DV100). They are not combined with A / J adjustable beds or H combination beds; those are paired with a high-end latex mattress sized 1:1 to the deck.

PACKAGE 01

Standard King

Divan base with tailored valance, pocket-spring or Euro-top mattress, topper and protector, full-width wall-mounted headboard. Sleep height ≈ 600–650 mm for easy sitting, standing and bed-making.

PACKAGE 02

Twin

Two 1200 or 1350 bases under one shared headboard panel. Specify SB-DV200 split-king bases and the same room switches between twin and king with link brackets and a full-width topper.

PACKAGE 03

Executive Suite

Adjustable comfort concealed in an upholstered surround: reading, TV and zero-gravity positions, under-bed night light and one-touch flat for housekeeping.

PACKAGE 04

Accessible

A height-adjustable care bed dressed in hotel finishes, so the accessible room feels like the rest of the hotel. Transfer height, backrest and rails on a hand control.

PACKAGE 05

Wellness

Latex comfort, a softer topper and a self-adjusting M510 smart mattress on a platform frame, with warm integrated headboard lighting.

04 · BED BASES & FRAMES

SB-DV100

Classic Hotel Divan Base

Storage-free upholstered divan that lifts the mattress to five-star height. Solid deck or sprung box-spring top; welted edge; recessed legs or glides.

SIZES	900/1000 · 1200/1350 · 1500/1600 · 1800/2000 × 2000 mm; 2100 long on request
HEIGHT	300–350 mm incl. legs (≈ 600–650 mm sleep height with 280–320 mm mattress)
CONSTRUCTION	Powder-coated steel frame; plywood deck or pocket/bonnell sprung top; ≥1500 wide supplied as two halves
MATERIALS	Contract upholstery fabric, removable dust cover underneath
LOAD	Max. 350 kg incl. mattress
OPTIONS	Sealed base or ≥120 mm floor clearance; fabric per FF&E schedule; motion-ready mounting points
PACKAGING	KD flat-pack, room-set labelled

Standard configuration shown; dimensions, materials and finishes customisable on request. Final specification confirmed per project.

SB-DV200

Split-King Zip-Link Divan

Two single bases joined with metal link brackets and a fabric zip-link strip to form one king. Separate them and the room becomes a twin in minutes.

COMBINATIONS	2 × 900 → King 1800; 2 × 1000 → King 2000 (× 2000 mm)
JOINING	Steel quick-lock brackets + zip-link strip; level surface, ≤ 2 mm step
CONSTRUCTION	As SB-DV100; each half moves by one person on glides or castors
SLEEP LAYERS	Full-width king topper bridges the joint
LOAD	Max. 350 kg incl. mattress (per bed)
BENEFIT	Twin/king flexibility for revenue management; fits standard lifts and corridors
PACKAGING	Two KD cartons per king, room-set labelled

Standard configuration shown; dimensions, materials and finishes customisable on request. Final specification confirmed per project.

04 · BED BASES & FRAMES

SB-PF300

Upholstered Platform Bed Frame

Low-profile fabric-wrapped frame with matching headboard and slim timber legs, for design-led rooms where the base is part of the look. Ideal under M410 / M510 smart mattresses.

SIZES	Queen 1500/1600, King 1800/2000 × 2000 mm; Twin on request
CONSTRUCTION	Steel or solid-wood/plywood frame, sprung slats or solid deck, centre rail with leg
MATERIALS	Contract fabric or faux leather; walnut, oak or metal legs
LOAD	Max. 350 kg incl. mattress
OPTIONS	Headboard height 1100–1400 mm; bronze trim; under-bed clearance ≥120 mm
PACKAGING	KD flat-pack

Standard configuration shown; dimensions, materials and finishes customisable on request. Final specification confirmed per project.

SB-FB700

Footboard & End-of-Bed Bench

Upholstered bench or low footboard that finishes the bed and gives guests a place to sit and set luggage down.

SIZES	Bench L 1200–1800 × D 400–450 × H 450 mm; footboard to bed width
MATERIALS	Faux leather or contract fabric; metal or timber legs
OPTIONS	Bronze, black or timber legs; seam detail
PACKAGING	Flat-pack legs, boxed seat

Standard configuration shown; dimensions, materials and finishes customisable on request. Final specification confirmed per project.

05 · HEADBOARDS

SB-HB410

Wall-Mounted Channel Panel

Full-width vertical channels on a French cleat; extends behind nightstands.

SIZE	Bed width +100 to +600 mm; H 1100–1400 mm or full height
BUILD	Plywood/MDF board, foam, contract fabric
FIXING	Cleat to wall; no contact with bed

SB-HB420

Floor-Standing Wingback

Curved wings and fine piping for suites and classic interiors.

SIZE	Bed width +200 mm; H 1300–1500 mm
BUILD	Timber frame, foam, fabric; plinth feet
FIXING	Bolts to base or wall stabiliser

SB-HB430

Integrated-Services Panel

Upholstered panel with timber wings, reading lights, USB-A/C and LED strip.

SIZE	Bed width +600–1200 mm; H 1100–1300 mm
BUILD	Panel + veneer wings; wired loom
ELECTRICAL	Lamps & USB modules certified per market (project item)

All headboards: contract fabrics with removable or replaceable covers available; flame-retardancy targets CAL TB 117-2013 (US), BS 7176 (UK), EN 1021-1/-2 (EU) on request. Standard configurations, customisable on request.

05 · VALANCES, LEGS, GLIDES & CASTORS

SB-VL510 · SB-VL520

Bed Valances & Skirts

Tailored covers that hide the base and legs and can be laundered or replaced at refurbishment without changing the structure.

SB-VL510	Box-pleat valance, drop 280–350 mm; fixed to base with hook-and-loop
SB-VL520	Fitted wrap cover with zip, tight upholstered look
MATERIALS	Polyester or FR contract fabric; washable options
SIZES	All base sizes; split-king version with centre opening

SB-LG600 SERIES

Legs, Glides & Castors

Choose the bed's footprint: hidden, decorative or mobile. Mobile options let one housekeeper move the bed to clean underneath.

SB-LG610	Wooden block or tapered legs, H 100–200 mm; walnut/oak/stained
SB-LG620	Metal legs: antique bronze, black, brushed steel
SB-LG630	Felt or nylon glides for carpet and hard floors
SB-LG640	Twin-wheel castors with brake
FIXING	M8 threaded inserts, interchangeable on SB bases

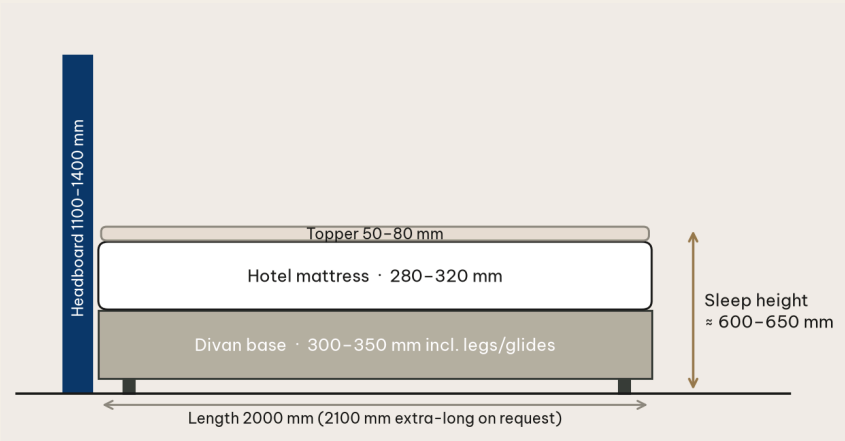

06 · HOTEL MATTRESSES & SLEEP LAYERS

Five constructions, *one standard*

All hotel mattresses are made in SUTA's own mattress plant to each project's size, firmness, cover and label. A sample mattress is made for owner and designer approval before mass production.

CODE	TYPE	HEIGHT	CORE	FEEL	BEST FOR
SM-PS30	Pocket-Spring Hotel	28–32 cm	2,000+ pockets (King, multi-layer configuration), 5-zone	Medium-firm	Standard & twin rooms
SM-ET34	Euro-Top	32–34 cm	Pocket springs + flush plush top	Medium	Premium king rooms
SM-PT36	Pillow-Top	34–36 cm	Pocket springs + sewn pillow-top	Medium-soft	Suites, signature beds
SM-HL28	Hybrid Latex	26–30 cm	Latex + pocket springs; flexible	Medium	With A / H motion beds; wellness
SM-MF25	Memory Foam	22–25 cm	Gel memory + HR foam; flexible	Medium	Accessible, extra beds, roll-pack

SLEEP SYSTEM STACK

STANDARD SIZES · MM

Standard configurations; pocket count, zoning, comfort layers and firmness (soft / medium / firm on one base construction) customisable on request. Flame-retardancy targets per market listed on page 25.

06 · HOTEL MATTRESSES

SM-PS30

Pocket-Spring Hotel Mattress

The workhorse of the five-star room: individually wrapped springs for motion isolation between partners, with a quilted comfort layer. No-flip design reduces housekeeping turns.

SIZES	All sizes 900–2000 × 2000 mm
HEIGHT	28–32 cm
CORE	2,000+ pockets in King (multi-layer pocket configuration); 5-zone; edge support
COMFORT	Foam + felt insulator; damask knit ticking
OPTIONS	Firmness S/M/F; border colour; handles & vents; hotel label
PACKAGING	Flat-packed, PE + carton corners

Standard configuration shown; dimensions, materials and finishes customisable on request. Final specification confirmed per project.

SM-ET34 · SM-PT36

Euro-Top & Pillow-Top

Extra comfort layers on top of the pocket unit for a plush, signature-bed feel. Euro-top is flush and square; pillow-top is sewn on.

HEIGHT	Euro-top 32–34 cm; pillow-top 34–36 cm
CORE	Pocket springs, 5-zone, as SM-PS30
COMFORT	Quilted fibre/foam top, optional latex or gel layer
TICKING	Knit or damask, diamond quilting
OPTIONS	Firmness, top thickness, border, handles, vents
PACKAGING	Flat-packed

Standard configuration shown; dimensions, materials and finishes customisable on request. Final specification confirmed per project.

06 · HOTEL MATTRESSES

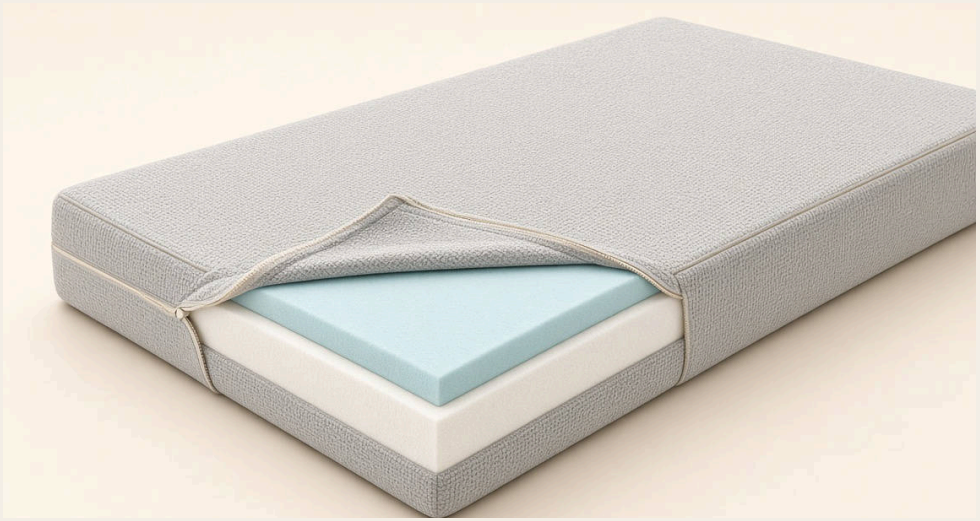

SM-HL28

Hybrid Latex Mattress

Latex responsiveness over pocket springs. Flexible enough for A-series and H-series motion beds, and the recommended partner for them.

HEIGHT	26–30 cm
LAYERS	Knit cover · latex · foam · pocket springs · base foam
USE	Suites with A / H beds (sized 1:1 to deck); wellness rooms
OPTIONS	Latex thickness; firmness; zip cover
PACKAGING	Flat-pack; roll-pack on request

Standard configuration shown; dimensions, materials and finishes customisable on request. Final specification confirmed per project.

SM-MF25

Memory Foam Mattress

Spring-free, quiet and flexible: suits accessible beds, extra beds and projects that need compressed roll-pack shipping.

HEIGHT	22–25 cm
LAYERS	Gel memory foam · HR support foam · removable zip cover
USE	MB-E3 accessible bed, rollaway, budget-sensitive rooms
OPTIONS	Waterproof cover; washable zip cover
PACKAGING	Compressed roll-pack or flat

Standard configuration shown; dimensions, materials and finishes customisable on request. Final specification confirmed per project.

06 · SLEEP LAYERS

ST-TP510 · ST-TP520 · ST-TP530 · ST-MP600

Toppers & Mattress Protectors

The cheapest way to tune the feel of a room and to protect the mattress investment. Toppers and protectors are replaced long before the mattress, extending its 7–10 year service life.

ST-TP510	Down-alternative baffle-box topper, 5–8 cm; machine washable
ST-TP520	Memory foam topper 5–7 cm with removable cover
ST-TP530	Latex topper 5 cm with knit cover
ST-MP600	Waterproof, breathable protector; fitted skirt or full zip encasement
SIZES	Matched 1:1 to every mattress size; king topper for split-king
PACKAGING	Polybag + carton, room-set labelled

Standard configuration shown; dimensions, materials and finishes customisable on request. Final specification confirmed per project.

07 · EXTRA BEDS

SR-RB700

Rollaway Extra Bed

Folding single on lockable castors; stores upright in a fabric cover in the housekeeping store.

SIZES	900 or 1000 × 1900/2000 mm
FRAME	Powder-coated steel, sprung slats, castors with brake
MATTRESS	10–12 cm foam (SM-MF family), protector included
COMPLIANCE TARGET	Mattress to 16 CFR 1633 / BS 7177 per market
PACKAGING	Assembled, cartoned

Standard configuration shown; dimensions, materials and finishes customisable on request. Final specification confirmed per project.

SR-BC800

Hotel Baby Cot

Solid beech cot with rounded slats and two castors, for family rooms and suites.

MATTRESS SIZE	1200 × 600 mm (or 1400 × 700)
MATERIALS	Solid beech, water-based finish
COMPLIANCE TARGET	EN 716 (EU) / 16 CFR 1219 (US) per market
OPTIONS	Natural or white finish; waterproof mattress
PACKAGING	KD flat-pack

Standard configuration shown; dimensions, materials and finishes customisable on request. Final specification confirmed per project.

08 · SUTA SMART & MOTION BEDS

J300 · A210 · A410 · A810 · A910

A / J series *adjustable bases*

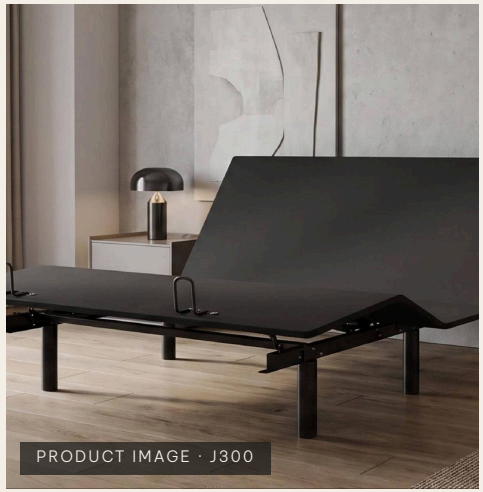

A heavy-duty steel adjustable base with a clean, modern line. Use it stand-alone, slot it into the room's existing frame, or conceal it inside an SB upholstered surround. Features step up from J300 to A910.

FEATURE	J300	A210	A410	A810	A910
Back & leg lift	•	•	•	•	•
Zero-G · memory · one-touch flat	•	•	•	•	•
TV position	–	•	•	•	•
Lumbar support · massage	–	–	•	•	•
Head tilt	–	–	–	•	•
Fully upholstered wrap-around base	–	–	–	–	•

ALL MODELS	Wireless remote + app, voice optional; mattress retainers; custom fabric, size and functions
J300 DATA	Head 0–60°, foot 0–45°; under-bed light; USB; 2 DC actuators; 100–240 V AC; mattresses up to 30 cm
LOAD	Max. 350 kg incl. mattress
ELECTRICAL	Motors & control box UL certified
WARRANTY	Structure 10 yrs · electrical 3 yrs
PAIR WITH	SM-HL28 hybrid latex, sized 1:1 to deck (not M-series)

PRODUCT IMAGE · A910

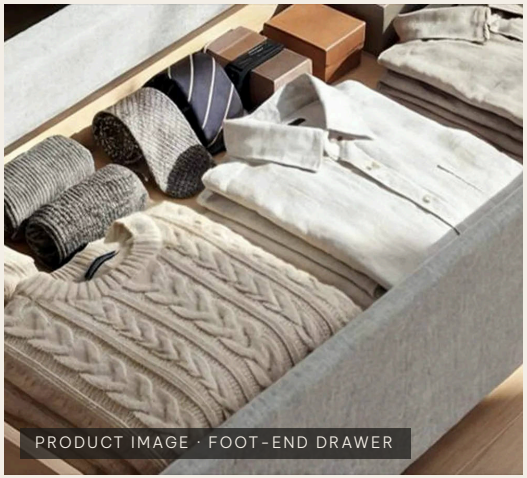

PRODUCT IMAGE · A210

PRODUCT IMAGE · J300

08 · SUTA SMART & MOTION BEDS

PRODUCT IMAGE · H880

PRODUCT IMAGE · FOOT-END DRAWER

PRODUCT IMAGE · H820

H820 · H830 · H840 · H880

H series *combination beds*

An adjustable core set into a classic upholstered frame: it looks like a traditional hotel bed, with a silent-glide foot-end drawer, a bedside sensor night light that can carry the hotel logo, and a headboard that can be swapped at refurbishment.

MODEL	MOTORS	KEY FEATURES
H820	2	Head/foot lift, zero-G, memory, anti-snore*, TV, one-touch flat; split-control version
H830	2	Adds back / side / front sleep modes; two-panel headboard
H840	3	Third motor for lumbar support, massage; three-channel tufted headboard
H880	4	Head tilt, back, lumbar, legs; massage; six-channel luxury headboard
ROOMS		Suites, executive floors, serviced apartments
LOAD		Max. 350 kg incl. mattress
PAIR WITH		High-end latex mattress (SM-HL28), sized 1:1
OPTIONS		Colour, fabric, size; hotel logo on sensor light
WARRANTY		Structure 10 yrs · electrical 3 yrs

* Position adjustment only; not a medical function.

08 · SUTA SMART & MOTION BEDS

ES series *electric lift storage beds*

Press a button and the under-bed storage opens electrically, with no manual lifting. For serviced apartments and long-stay rooms where guests unpack for weeks.

ES201

Parallel lift

Whole deck lifts ≈ 70 cm: linen changes without bending.

ES202

Electric side opening

Reach in from the side; storage light turns on when open.

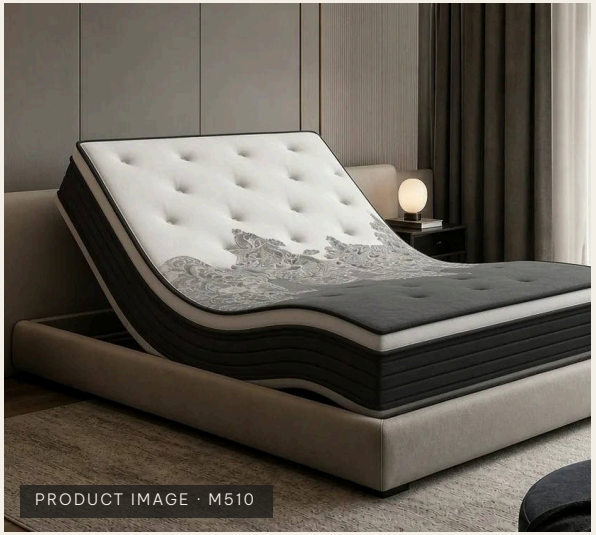

ES203

Foot-end opening

Lifts from the foot end, 110 cm lift height.

ALL MODELS	Max. 350 kg incl. mattress · USB-C + A charging (optional) · child lock & safety lock · custom colour, fabric and size
ELECTRICAL	Motors & control box UL certified · Warranty: structure 10 yrs, electrical 3 yrs

08 · SUTA SMART & MOTION BEDS

M510

Smart Mattress · 10 layers

Latex comfort, pocket springs and a built-in electric adjustable frame: lift, massage and memory positions from a standard flat bed.

LAYERS	Jacquard fabric · wavy foam · flat foam · latex · HR foam · pocket springs · HR support foam · support foam · electric adjustable frame · base foam
PRESETS	TV, reading, leisure, yoga, zero-G, anti-snore*; massage; memory
CONTROL	Wireless remote, voice, app
LOAD	Max. 350 kg
WARRANTY	Structure 10 yrs · motor 3 yrs

M410

Smart Mattress · 6 layers

Spring-free and quick to set up, for rooms where the existing bed frame stays.

LAYERS	Ice-silk fabric (black, optional) · gel memory foam · micro-pore support foam · adjustable frame · HR foam · non-slip base fabric
CONTROL	Wireless remote, voice, app
COLOURS	Deep or light grey; custom fabric and size

Where M-series fits

- Wellness rooms and suites on SB-PF300 platform or SB-DV100 divan
- Renovations: upgrade the room without replacing the frame
- Sized 1:1 to the bed surface
- **Not** combined with A / J / H motion beds

* The anti-snore mode only raises the upper body to change position; it is not a medical function.

09 · ACCESSIBLE ROOMS

PRODUCT IMAGE · SUTA MB-E3

Five-star rating schemes such as China's GB/T 14308-2023 require accessible rooms, and the ADA (US) calls for clear floor space on both sides of the bed. A height-adjustable bed also helps with guest transfers and lets housekeeping make the bed at a comfortable working height.

SUTA MB-E3

Accessible-room *care bed*

Three-motor electric care bed with whole-bed height adjustment, backrest and leg rest, pull-latch side rails and a mechanical foot pedal for moving the bed. For hotels it is dressed in timber-look head and foot panels so the accessible room matches the rest of the property.

FUNCTIONS	Whole-bed lift · backrest · leg rest · pull-latch rails · foot-pedal castor release
DRIVE	3 DC linear actuators
CASTORS	4 shrouded castors with central brake
SAFE WORKING LOAD	170 kg (design SWL)
HOTEL OPTIONS	Timber or upholstered panels; removable rails; flexible foam mattress (SM-MF25) + waterproof protector
POSITIONING	Supplied as hotel furniture; medical-device versions are a separate project (e.g. IEC 60601-2-52)
WARRANTY	Structure 10 yrs · electrical 3 yrs

Detailed dimensions and stroke confirmed per project.

09 · IN DEVELOPMENT

IN DEVELOPMENT

SUITE SMART BED · HOTEL EDITION

Motion, *dressed as a hotel bed*

An A-series motion platform concealed in an SB-DV upholstered surround with SB-HB headboards, plus features hotels ask for. Available for pilot rooms; final specification confirmed per project.

PLATFORM	A210 / A910 motion base in SB upholstered surround; King or split king
GUEST FEATURES	Zero-G, anti-snore*, reading presets; under-bed motion-sensor light; USB-A/C
HOUSEKEEPING MODE	One-touch flat + lock; reset at checkout
QUIET	Quiet-running design, ≤ 45 dB(A) at 1 m
CONNECTIVITY	BLE / RS485 / dry-contact options for room-control (GRMS) integration
POWER	Battery back-up to return flat
LOAD	Max. 350 kg incl. mattress

* Position adjustment only; not a medical function.

10 · FINISHES & FABRIC OPTIONS

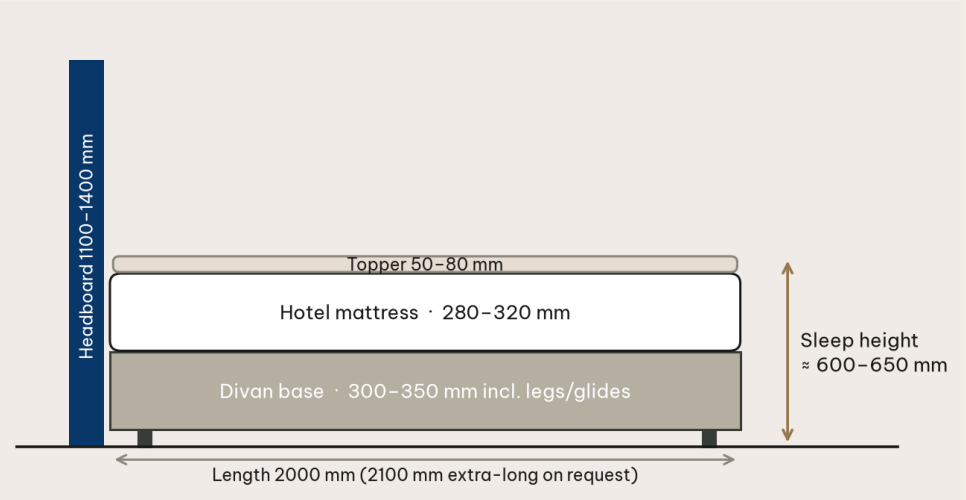

UPHOLSTERY	Contract woven fabrics, velvet-look, bouclé-look, faux leather; FR-treated or inherently FR options; removable covers available
PERFORMANCE	Abrasion resistance ≥ 40,000 Martindale rubs for headboards and bases; stain-resistant finishes on request
TIMBER	Walnut, smoked oak, natural oak veneers or stains
METAL	Antique bronze, black, brushed steel
MATTRESS TICKING	Damask or stretch knit; border colour to scheme
CUSTOMER-OWNED MATERIAL	COM accepted subject to flame-test and abrasion check
SAMPLES	Swatch cards and strike-offs supplied for designer approval

Colours shown are indicative; final finishes approved on physical samples.

10 · DIMENSIONS

Size & height *reference*

Sleep height ≈ 600–650 mm from floor to topper surface makes sitting and standing easier for guests and reduces bending for housekeeping.

SIZE	MATTRESS (MM)	BASE OPTIONS
Single	900 × 2000 · 1000 × 2000	SB-DV100, SB-DV200 half, SR-RB700
Twin	1200 × 2000 · 1350 × 2000	SB-DV100, SB-PF300
Queen	1500 × 2000 · 1600 × 2000	SB-DV100 (2 halves), SB-PF300, M-series
King	1800 × 2000 · 2000 × 2000	SB-DV100, SB-DV200 (2 × 900 / 2 × 1000), SB-PF300, A / H series
Extra long	× 2100	On request

11 · COMPLIANCE & TESTING

Tested to the *project's standard*

PRODUCT GROUP	UNITED STATES	UNITED KINGDOM	EUROPEAN UNION
Mattresses & mattress sets	16 CFR 1632 + 1633 (tested as set)	BS 7177 medium hazard (incl. Crib 5)	EN 597-1 / EN 597-2
Upholstered bases & headboards	CAL TB 117-2013	BS 7176 / BS 7177 (divans)	EN 1021-1 / -2
Electric beds (whole bed)	UL 962 (project testing)	UKCA: LVD / EMC	CE: IEC/EN 60335-2-116, EMC, RED
Wood & foam materials	TSCA Title VI / CARB P2; CertiPUR-US (option)	—	E1 panels; REACH
Baby cot	16 CFR 1219	BS EN 716	EN 716

Standards above are **compliance targets**: testing at accredited third-party laboratories is arranged per project and market on request. They are not certifications currently held unless listed in the panel on the right. Other markets (EAC, Vietnam PCCC fire approval, brand standards) handled per project.

Held today

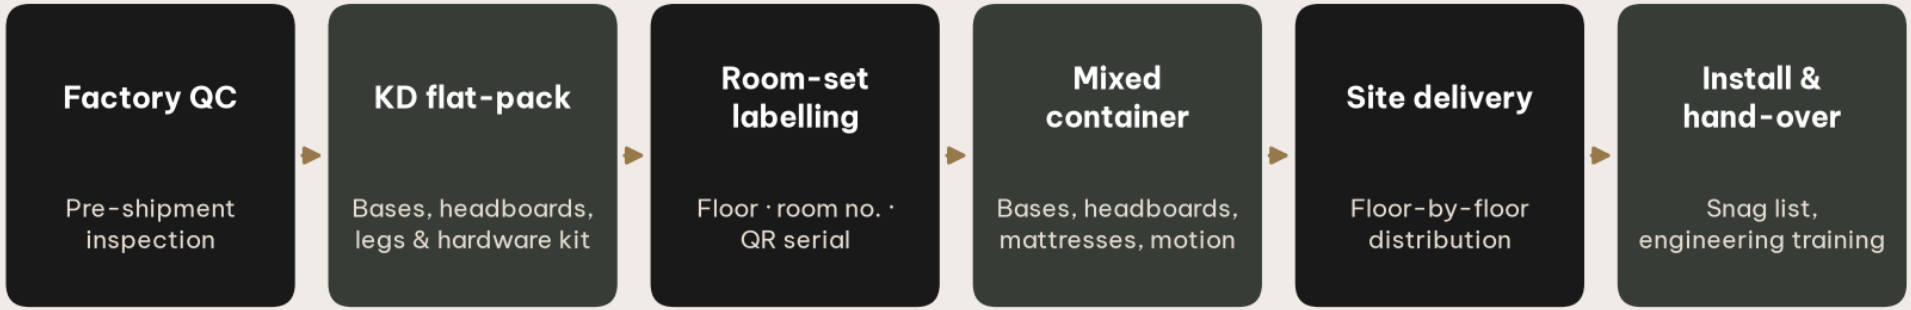

- UL certification on SUTA motors and control boxes (not whole-bed UL)
- Component CE / FCC / RoHS documentation for motor, control box and remote
- ISO 9001 quality management (factory)

Per project

- Pre-production samples and test reports for brand technical approval
- Batch retention samples for FR fabrics
- Load and durability checks: 350 kg max. incl. mattress (MB-E3: 170 kg SWL)

12 · PACKAGING & LOGISTICS

Delivered *room by room*

KD flat-pack

Bases ship knocked-down (rails, deck, upholstered panels, legs and hardware kit); bases ≥ 1500 wide ship as two halves. Headboards flat-packed with corner guards. Less volume, less damage, easier lifts.

Mattresses

Spring, Euro-top and pillow-top mattresses ship flat in PE film with carton corners; foam and hybrid can be compressed and roll-packed on request. Motion products ship with motors protected and moisture-sealed.

Room-set labels

Every carton carries floor, room number and a QR serial, so site teams distribute by room and every bed is traceable to batch and warranty start date. Mixed containers per project packing list.

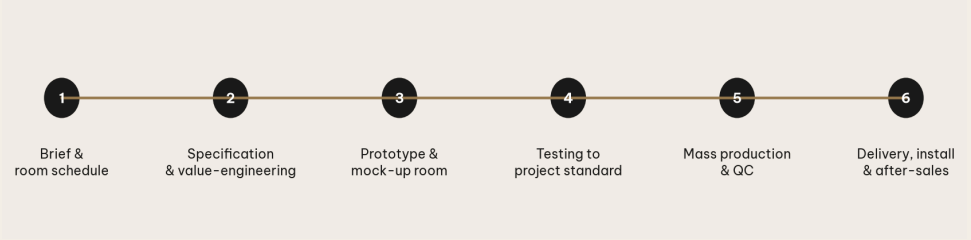

Carton sizes and container loading are calculated per project from the final specification.

12 · WARRANTY & AFTER-SALES

Built for a *ten-year room*

STRUCTURE	10 years on SUTA bed and base structures
ELECTRICAL	3 years on motors, control boxes, remotes and power supplies
MATTRESSES & SOFT GOODS	Warranty terms confirmed per project contract
SPARE PARTS	Project spares kit (motors, control boxes, remotes, power supplies) shipped with the order
SERVICEABILITY	Plug-in electrical components replaceable without dismantling the bed
TRACEABILITY	QR serial per bed linked to room number, batch and warranty start
TRAINING	Installation, reset and troubleshooting training for hotel engineering
LOCAL SUPPORT	KEYVELLE , Ho Chi Minh City; partners in other markets

How we work on a project

Mattress replacement cycles in hotels typically run 7–10 years, while toppers and protectors are replaced more often. SUTA's 10-year structural warranty covers a full refurbishment cycle for bases and headboards.
